OUR NEW COLORS

Get inspired for your future projects!

Finding THE right color for your project can be quite a challenge.

That's why in the process of developing new colors, our team makes it a priority to follow closely all the latest design trends here and around the world.

We do our best to develop colors that will allow you to create the perfectly balanced universe you have always dreamed.

White Oak
MHQC 1770

White oak,

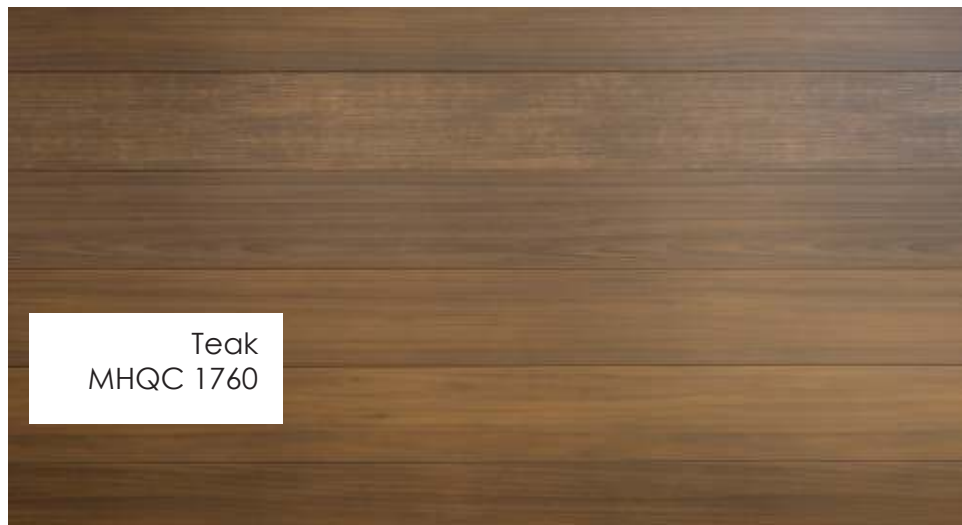

Chic and timeless, our new color will bring a warm and inviting look to your property.

Reminiscent of the coastal accents of the New England region.

Teak

The depth and intensity of this honey-brown essence will inevitably become a most popular "shade" in years to come.

Its honeyed side will bring a touch of warmth with shades of grey, white and black.
