

# POLYMAC AXES

When surface  
becomes signature

MOVEMENT

## THE SAME PROFILE, ENDLESS DESIGN POSSIBILITIES!

Polymac Axes panels redefine the expression of metal cladding by introducing a pattern of raised diagonal lines across each panel.

This surface treatment captures light and creates a dynamic interplay of depth, texture, and movement—bringing façades to life with a distinctive architectural signature.

## BRING YOUR IDEAS TO LIFE IN RELIEF

### UNMATCHED DESIGN FREEDOM |

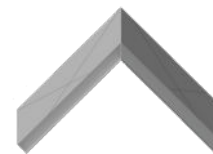

Available in 8 exclusive patterns per panel format and 4 complementary designs for corner formats, Polymac Axes offers a truly unique level of design flexibility.

Create façades that reflect your vision:

- Select specific patterns to develop a precise and distinctive architectural concept;
- Or choose mixed boxes including all 8 patterns, allowing for a more random installation with an organic, rhythmic finish.

### DESIGNED FOR CONTEMPORARY ARCHITECTURE |

- Sculpted diagonal lines create a bold, dynamic expression
- Light becomes an integral design element, revealing depth and movement
- 8 exclusive panel patterns per format
- 4 complementary corner patterns per format
- A truly distinctive architectural signature

Corner Panels  
12 x 12 x 1 in  
20 x 12 x 1 in

Panels  
12 x 48 or 72 in  
20 x 48 or 72 in
