Discover our new Axes line, the Versa Axes introduces a new expression of metal cladding through 8 distinct patterns designed to create dynamic, rhythm-driven façades.

Offering a structured composition that ensures a visual continuity across large surfaces.

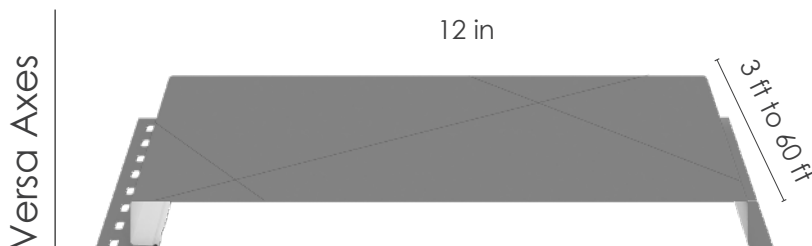

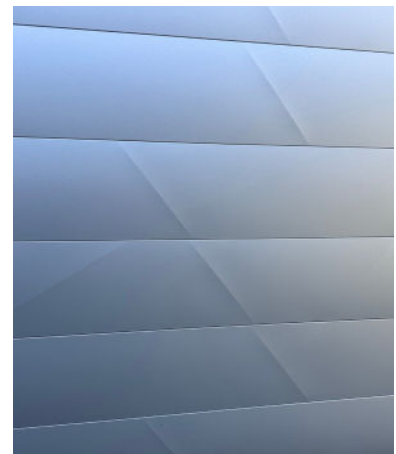

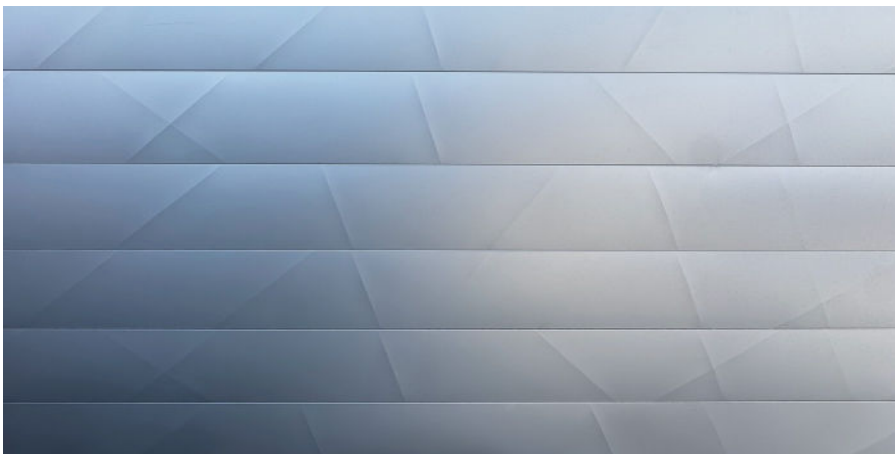

Depending on your architectural intent, you can:

- select specific patterns to create a controlled graphic layout
- or opt for a mix of all 8 patterns to achieve a more organic and evolving effect

The Versa Axes profile is available in custom lengths from 3 to 60 feet.

\* Recommend optimal length of 10 ft.

When ordering, specify the length and quantity of sheets per pattern. You can add multiple lengths per pattern, offering greater design flexibility.
